# **Why** is this restroom all-gender?

**Because it's important that all members of our community feel safe and included.**

For many transgender people and people who don't conform to societal gender norms, using a public restroom is a daily struggle. Trans/nonbinary/genderqueer people are often harassed, physically assaulted, or questioned by authorities in both men's and women's bathrooms if they are assumed to be in the wrong bathroom.

All-gender restrooms provide access to safe bathrooms and changing areas for people of any gender identity and presentation. They also provide safe spaces for those who need the assistance of a personal care attendant or those with small children.
